

S7) Supplementary figure 2. Preferred sources of information on eye problems and the COVID-19

pandemic

A) If you were suffering with eye symptoms, from which sources would you seek information regarding your eye problem before you see an eye doctor (ophthalmologist)?

B) What are your sources of information about the COVID-19 pandemic?

■ First Source ■ Second Source ■ Third Source

Plots are based on the N=319 and N=364 that answered the questions relating to eye problems and COVID-19, respectively. Percentages represent the proportion of participants that classified the stated information source as being within their top three.
